

Deoro Global Pvt. Ltd.

Your Trusted Global Partner for Industrial Fastening Solutions, Piping Components & Engineered Mechanical Products

Precision Sourcing. Reliable Supply. Global Reach.

Who We Are

Deoro Global Pvt. Ltd. is a global industrial sourcing and export company connecting international buyers with verified manufacturing partners. Founded on principles of quality, reliability, and transparency, we specialize in Industrial Fastening Solutions, Piping Components, and Engineered Mechanical Products — serving engineering and manufacturing sectors worldwide.

Industrial Fastening Solutions

We supply comprehensive fastening solutions manufactured to international standards including DIN, ISO, ASTM, and ASME specifications.

Standard Fasteners

Hex, Carriage, Foundation & U-Bolts

Hex, Nylock, Flange & Dome Nuts

Plain, Spring & Lock Washers

Specialized Screws

Machine, Wood & Self-Tapping Screws

Clevis Pins & Shear Connectors

Structural Components

Threaded Bars & Anchor Bolts

Custom & Non-Standard Fasteners

Piping Components

Complete range of flanges and connections manufactured to ASME B16.5, ANSI, and EN standards in carbon steel, stainless steel, and alloy steel.

Weld Neck Flanges

High-strength connections for critical applications

Slip-On Flanges

Economical solution for standard pressure applications

Blind Flanges

Sealing solutions for pipeline ends and closures

Threaded Flanges

Non-welded connections for easy assembly and maintenance

Socket Weld Flanges

Secure connections for high-pressure systems

Stud Bolts

Complete flange assembly hardware

Engineered Mechanical Components

We support project-based and custom manufacturing requirements. All components are produced to exact client drawings and specifications.

Custom Manufacturing Capabilities

- Drawing-Based Precision Parts
- CNC Machined Components
- Custom Industrial Components
- Special Application Products

 Inquire with your drawings or specifications for a tailored quote.

Quality & Compliance

Quality is embedded into our entire sourcing process across all product categories.

01

Verified Supplier Network

Pre-qualified manufacturing partners

02

Standard Compliance

DIN, ISO, ASTM, ASME, EN, BS certification

03

Material Test Certificate Verification

Complete documentation review

04

Dimensional & Visual Inspection

Pre-shipment quality checks

05

Export-Grade Packaging

Accurate labeling and secure handling

Complete Sourcing & Export Support

Factory Audits & Supplier Evaluation

Comprehensive supplier qualification and capability assessment

Procurement & Structured Global Sourcing

Strategic sourcing with competitive pricing and reliable supply chains

Pre-Production Sample Approval

Sample verification before production commencement

Pre-Shipment Inspection

Quality verification before export

Material Test Certificate Verification

Documentation review and validation

Export Documentation & Customs Coordination

Complete export compliance and customs clearance

Flexible Logistics & Delivery Solutions

Customized shipping options for international delivery

Global Export Presence

We serve clients across international markets with export-grade packaging, accurate labeling, and smooth cross-border compliance.

Middle East

- United Arab Emirates
- Saudi Arabia
- Qatar

Africa

- Kenya
- South Africa
- Nigeria

Europe

- Germany
- United Kingdom
- Italy

Southeast Asia

- Vietnam
- Indonesia
- Philippines

Our Vision & Mission

Our Vision

To become a globally trusted industrial sourcing and export partner, recognized for reliability, technical understanding, and supply chain excellence across diverse industries.

Our Mission

- Strict compliance with international standards
- Verified and capable supplier network
- Consistent quality through inspection and documentation
- Timely and efficient global logistics coordination
- Long-term partnerships based on trust and performance
